

After Two Office Moves, Bromsgrove Based Accountancy Firm Continues to trust Cleanoffice.co.uk for After 20 Years.

Midlands accountancy firm Pinfields Ltd has been trading for over 50 years with a number of high profile clients.

The company have been expanding steadily since its conception, however over the last ten years growth increased to such a level that they outgrew their current capacity and needed new premises in order to maintain growth.

In 2007 the firm moved to a temporary site while their old building was demolished and a new modern, office was constructed on the existing site.

Cleanoffice provided a consistent service through the two moves, maintain the same level of quality that staff and customers had become used to.

Before moving into the newly constructed offices, a full industrial clean was undertaken by cleanoffice. This involved removing excess builders materials (Cement, grout and general spillages) from all areas and ensuring that Pinfields staff could commence daily activities from moving in day.

A complete managed daily cleaning schedule was then composed to maintain a high level of cleanliness ensuring a pleasant environment for both staff and customers.
